

Early years

Bonjour!

Children learn basic greetings and develop early conversational French, being able to ask others how they are.

Le corps et les couleurs

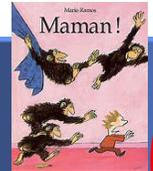

Children learn parts of the body and the colours through a story and songs.

Mini beasts

Children explore French sounds and learn about insects through songs and rhymes.

Maman

Children learn numbers to 10 and some animals with the book 'Maman'

Year one

On y va

Children recap greetings and numbers to 12 and learn days of the week

Les jouets

Children learn toys vocabulary.

Le monde La forêt tropicale

Children explore the continents and some animals.

Children learn some of the animals in the rainforest.

Year two

Mon anniversaire

Children will learn the seasons, months and numbers to 31. Children use these to say when their birthday is.

Through the music of St Saens, children will learn how to adapt phrases to describe animals and their habitat, tell the time and recognise music instruments.

Les animaux nocturnes

Children learn some nocturnal animals vocabulary and work on the book 'un peu perdu' to develop their ability to understand stories in French..

Year three

Je me présente

Children revisit the vocabulary of greetings in more details and learn how to introduce and describe themselves.

Family

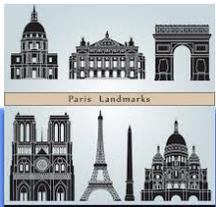

Children learn how to use the key phrases 'It is' and 'I have' with the vocabulary of pets and siblings.

Les fruits et légumes

Children start to ask questions and express their opinions with the vocabulary of fruits and vegetables.

Children are introduced to French phonics with the vocabulary of parts of the body.

More phonics are introduced and children learn phrases to describe the weather.

La France

Children introduced to France. They will compare London and Paris, learn about famous landmarks, compass points and French regions.

Year four

Dans la classe

Children learn classroom instructions, stationary items and how to ask for something politely in French. They work on the book 'je veux manger'.

Les animaux

Pets vocabulary introduced. Children are made aware that nouns are given genders and focus is placed on 'un' and 'une'. Later focus placed on pluralising nouns and then describing with colours (word order and adjectival agreement)

Le carnaval des animaux

Children are introduced to the pronouns he/she and possessives his/her to talk about other's birthday and learn about the Francophonie

Year five

Le sport

Sports and hobbies language introduced. Children comment in conversation about their hobbies, when they do them and their opinions. They start learning about how to use verbs in French.

L'Espace

Children will learn how to describe the planets using more complex sentences and comparatives.

Moi et les autres

Year six

La nourriture

Vocabulary to describe foods, later vocabulary introduced to order food at the café and restaurant and express likes and dislikes. Children will also learn about traditional dishes of French speaking countries

La Famille

Family member vocabulary introduced. Recap on how to use adjectives to allow children to discuss and describe their family members and friends as well as their hobbies.
